#### REPORT OF FOREST FIRE WARDEN

Windham, N. H. January 31, 1936

In submitting my third annual report as part of the permanent records, I wish to express thanks to all citizens and visitors for their support in the prevention and suppression of forest fires during the year 1935.

It has been said that fire is a good servant, but a poor master, so kindly bear in mind that it is unlawful to kindle or cause to be kindled any fire in or near woodlands, pasture, brush, sprout, waste or cut-over land or where the fire may be communicated to such land, except when the ground is covered with snow, without first obtaining written permission from the forest fire warden.

CAMP FIRES: When permission has been obtained from the land owner, camp or cooking fires may be kindled without permission of the forest fire warden, at suitable times and in suitable places, when they will not endanger woodlands. Build no fires on dry, windy

days or when the woods are closed by proclamation.

Every person starting a fire which gets out of control is liable for the cost of extinguishing it, in addition to the penalty of violation and damage resulting.

The New Hampshire Clubwoman is given by the Woman's Club; Saturday Evening Post, Mr. John E. Cochran; Christian Science Sentinel and Christian Science Journal, Miss Bertha Griffin; National Humane Magazine, Mrs. Blanche North.

Fifty books suitable for use in the schools have been loaned to the library by the Public Library Commission and are being used by No. 3 and No. 6 Schools. It is more convenient for No. 1 School to obtain extra books in another way.

The circulation of books has been less this year than last year, but the same has been true of a number of libraries. A magazine rack has been added to the reading room, leaving the table free for any who may wish to use it.

A few more books were bought this year as interest on the \$1000. legacy of Miss Martha Clarke for the purchase of books became available.

The library is fortunate in having a helper assigned to it by the National Youth Administration, and it is expected much needed work can be done.

The usual reports of the various State departments have been received.

## Respectfully submitted, HATTIE W. GILSON,

Librarian.

Thirteen children have attended underweight and orthopedic clinics in Manchester.

#### SUPERINTENDENT'S REPORT

To the Windham School Board:—

There is no need of a detailed report other than to state that Windham's three schools are taught by teachers of long experience, that the work of these schools in each case is constantly improving, that the equipment is above average and the school-houses are in good repair,

A special appropriation of \$150 for re-painting the exterior of School house No. 1 was voted at the last School Meeting but was not used and is still available. The interior of this building is quite as much in need of paint as is the outside and it is hoped that the special appropriation of \$100 asked for in this year's warrant may be voted so that both jobs may be done this coming summer.

The financial affairs of the district are in satisfactory condition; as shown by the fact that next year's estimated tax levy of \$6130.77 is nearly \$900 less than the levy was in 1933 and \$500 less than last year.

There is every reason why economy in public administration should be practiced and in this matter the Windham School Board is doing its full part.
